

Queer Events

AIDS Committee of Toronto

Description

ACT works to reduce new HIV infections in Toronto and promotes the independence, dignity, health and well-being of people living with HIV and AIDS and those at increased risk of HIV.

Founded in 1983 by a group of community volunteers, today ACT is a leader in efforts to end AIDS in Toronto. Through HIV and sexual health education, prevention and outreach, we are working towards a city with zero new HIV infections, zero HIV-related stigma and discrimination, and zero AIDS-related deaths.
